

SECURITY POLICY

Security of the employees whether our or sub-contractors, assets & operations and personnel visiting our sites is one of the most important responsibility of Deep Industries Limited (DIL).

Following will be achieved by:

- Considering our work scope, detailed assessments of security risks will be carried by our sub-contractor.
- Managing security system in accordance with the client.
- Reporting, investigating and finding out the root cause to all the security related incidents.
- Following site specific emergency plan in case of any security related emergency in coordination with the client.
- Coordinating with the local authorities and government bodies which will be
- Contacted in any security related threat.

The company will ensure that adequate resources are provided and trained security personnel are sub contracted for providing security to its employees. Apart from that each employee should work in this regard by not breaching any security barriers and providing full cooperation.
